

# Fourth Workshop on Applications of Computational Intelligence and Interactive Systems (WACIIS-2026)

A Pre-Conference Workshop with IHCI-2026

August 29-31, 2026

Organized by  
**Centre for Artificial Intelligence, Banasthali Vidyapith, India**

## Call for Papers

### General Chairs

**Ina Aditya Shastri**  
Banasthali Vidyapith, India  
**U. S. Tiwary**  
IIIT Allahabad, India

### Advisory Chairs

**Jyoti Pareek**  
Gujarat University, India  
**C. K. Jha**  
Banasthali Vidyapith, India

### Program Chairs

**Anshuman Shastri**  
Banasthali Vidyapith, India  
**Jong-Hoon Kim**  
Kent State University, USA

### Technical Chairs

**KC Santosh**  
Oregon's Polytechnic University, USA  
**Siba K. Udgata**  
University of Hyderabad, India

### Workshop Chairs

**Nisheeth Joshi**  
Banasthali Vidyapith, India  
**Saurabh Mukherjee**  
Banasthali Vidyapith, India  
**Manisha Jallia**  
Banasthali Vidyapith, India  
**Manisha Agarwal**  
Banasthali Vidyapith, India

### Publicity Chairs

**Sudhakar Mishra**  
SVNIT Surat, India  
**Sambit Bakshi**  
NIT Rourkela, India

### Publication Chairs

**Manju Khari**  
JNU, India  
**Manoj Kumar Singh**  
BHU, India

### Web Chairs

**Ankit Agarwal**  
Galgotias University, India  
**Shrikant Malviya**  
SVNIT Surat, India

### Workshop Coordinators

**Sudha Morwal**  
Banasthali Vidyapith, India  
**Pooja Asopa**  
Banasthali Vidyapith, India  
**Sushil Buriya**  
Banasthali Vidyapith, India  
**Pooja Gupta**  
Banasthali Vidyapith, India  
**Richa Jain**  
Banasthali Vidyapith, India  
**Rahul Kumar Vijay**  
Banasthali Vidyapith, India  
**Amrita**  
Banasthali Vidyapith, India  
**Kanwaljeet Singh**  
Banasthali Vidyapith, India  
**Aishwarya Garg**  
Banasthali Vidyapith, India

### Organizing Chairs

**Rajiv Singh**  
Banasthali Vidyapith, India  
**Swati Nigam**  
Banasthali Vidyapith, India

Fourth Workshop on Applications of Computational Intelligence and Interactive Systems (WACIIS-2026) aims to address the current state of the art for enterprises and organizations in the rapidly evolving artificial intelligence (AI) techniques that aim to automate machines through the application of handcrafted machine learning and deep learning algorithms. WACIIS-2026 aims to bring together researchers, engineers, and practitioners interested in the advancement of computational intelligence techniques and interactive systems, with a particular emphasis on IoT and smart systems, conversational AI and computer vision.

This workshop will be hosted at the Centre for Artificial Intelligence, Banasthali Vidyapith, Rajasthan, India in collaboration with IHCI-2026. Authors are invited to submit their original work and ideas to WACIIS-2026 as per the submission guidelines. Major topics of interest to the workshop include (not limited to) the following.

## Topics of Interest

- |                                                                                                                                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                                                                                                                                                                    |

## Registration Details

### Indian Authors (INR)

| Category                                     | Early Bird<br>August 15, 2026 | Late Registration<br>August 20, 2026 |
|----------------------------------------------|-------------------------------|--------------------------------------|
| Student                                      | 2000                          | 3000                                 |
| Faculty/Research Scholar<br>(PhD)/Researcher | 6000                          | 7000                                 |
| Industry Person                              | 8500                          | 10000                                |
| Participants (Non-Author)                    | 1000                          | 1500                                 |

## Important Dates

|                            |                      |
|----------------------------|----------------------|
| Full Paper Due             | : July 31, 2026      |
| Notification of Acceptance | : August 15, 2026    |
| Camera Ready Submission    | : August 20, 2026    |
| Workshop Dates             | : August 29-31, 2026 |

## Paper Submission

The papers may be submitted in the following categories.

**Full Papers (10 ~ 12 pages)** are invited that describe developed work. Authors of papers reporting experimental work are encouraged to make their data and experimental results available online or via data publication.

**Poster/ Short Papers (4 ~ 6 pages)** are invited to share novel ideas that may not have been fully developed but are in progress.

Kindly note that if a paper receives a High Similarity Score (>15%) and AI Content; it will be investigated, and if it is found to be plagiarized, it will be rejected/withdrawn without a formal review.

All papers must be submitted electronically using Microsoft CMT portal, available at the following link:

<https://cmt3.research.microsoft.com/waciis2026>

The proceedings of WACIIS-2026 will be published by Atlantis Press (Part of Springer Nature) in the Advances in Intelligent Systems Research (AISR) Series.
